

# Little Strummers – Autumn Term 2020

## Let's Stay Safe Together

We are delighted to be back teaching face to face!

In line with Government Guidance concerning Covid-19, additional precautions have been put in place to minimise the risk of infection for all of our students and teachers.

**Your teacher has no symptoms of illness and by being here, you can confirm that you have no symptoms either.**

- Please do not attend your lesson if:
  - you feel unwell;
  - if you or a family member are suffering from Covid-19 symptoms;
  - if you are self-isolating; or
  - you have been asked to quarantine.

**The Studios have been thoroughly cleaned and your chair and table has been sanitized before your lesson.**

- Please sanitize your hands when you arrive at the Studios and as often as you need to during your visit.
- Unfortunately, due to the current situation, toilet facilities are not available.

**There is a screen between you and your teacher to protect you both.**

**Windows will be open to ensure a flow of fresh air.**

- Please use face masks as needed in accordance with Government advice.

**Hand sanitizer is available in every room.**

**Please enter the studios for your lesson alone.**

- Non-participants are kindly requested to please wait outside the premises.
- In good weather, there are chairs at the bottom of the stairs.

**Your teacher will observe social distancing. We ask that you please do the same.**

- Please pay attention as you enter or leave the premises and observe the required distance (2m) for any other students arriving or leaving.
- Please help to ensure that people can access and exit freely from the building.
- Please do not let anyone else touch your instrument, and do not touch any instruments other than your own.

Little Strummers is a provider of musical educational services to our local community and we rely on the goodwill of you all to have a caring and prudent approach for the safety of everyone. Thank you for your understanding.
